There is alot
of life on this
level and
there is

Level 955

entities that will actually help you out like finding food for you or just being kind.

The berries that grow here are safe to eat and are, in fact very nutritious when eaten. The berries can give you strength and others.

This place is a very nice place to relax in the backrooms so if you ever need a break here, just go to Level 955.
